

RMU has a variety of classrooms and labs. These include lecture halls, computer labs, presentation and traditional classrooms. Room capacities and configurations vary as well as A/V components.

Presentation Classrooms and Lecture Halls

Our campus has lecture halls and presentation classrooms ranging from 30 - 120 in capacity. The lecture hall is tiered while the presentation classrooms vary in configuration. All are equipped with LCD projectors, screens and a/v equipment. For your higher technical needs some are also equipped with smart boards, house sound and lighting controls.

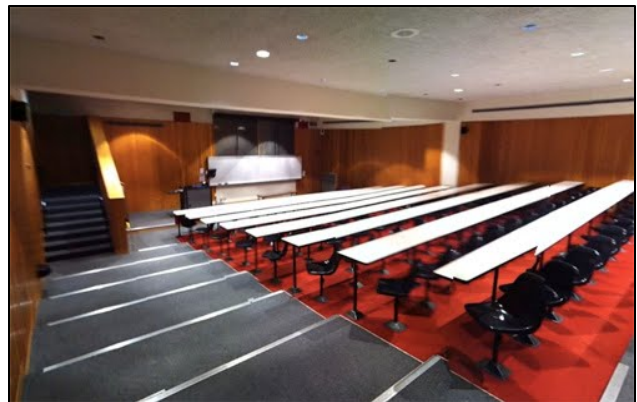

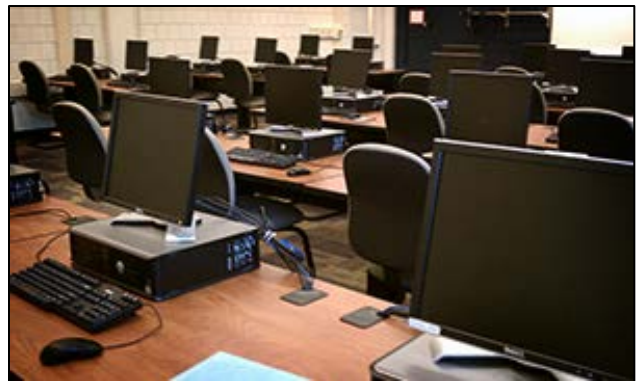

Computer Labs

RMU is committed in providing up-to-date resources in all labs. RMU provides numerous computer labs and specialty labs around campus. [Please click here for a list of software installed.](#)

Traditional Classrooms

Our traditional classrooms capacities range from 20-60 and are equipped with tables/chairs or tablet arm chairs and include:

- Computer/ Monitor
- Smart Podium
- DVD/VCR Player
- Projector
- VGA cable for laptop connection
- USB connection
